Re: Reminder Notice – New East Coast Contribution Rate Effective January 24, 2010

Currently, contributions on behalf of certain Local 600 camerapersons, Local 700 editors, Local 52 studio mechanics, and Local 161 script supervisors and production office coordinators (as defined in the Plans' Declarations of Trust) are due at the composite rate of \$10.0870 per hour.

By letter dated October 29, 2009, you were informed that the Directors of the MPI Plans have reviewed this rate and, based on an actuarial evaluation, determined that it will be decreased, effective January 24, 2010, to \$9.7970 per hour, plus the applicable Individual Account Plan percentage contributions as set forth in your Collective Bargaining Agreement.

If you have any questions, please contact Norma Corsbie at extension 478, or at employercontracts@mpiphp.org.

Sincerely,

Shanda Zuniga, Manager
Employer Contracts Department
