¹ Sydney Health is offered through an arrangement with Caredon Digital Platforms, a separate company offering mobile application services on behalf of your health plan. ©2023.

Learn about your plan

Access your plan documents online at www.anthem.com/ca/mpi

View your *Evidence of Coverage (EOC)*

Learn about what is covered and what you will pay. It also explains your rights and responsibilities.

Find care providers

Locate a network doctor or care provider in your area using the **Find Care** tool on the website. You can search by doctor name, type, or specialty. You can also search by facility or distance from your home.

Printed copies of the directory can be ordered by contacting Member Services and will be mailed within three business days. The 2024 directory will be available to request after December 22, 2023.

Call Member Services

Contact us if you need help, have questions, or would like a printed copy of your *EOC* and/or provider directory mailed to you. The Member Services number is listed at the back of this guide.

Personalize your care

Understand your plan's network

Your plan offers a wide network of expert care providers for you to choose from. Before you get care, it's important you understand some plan coverage rules and resources.

- You can see any doctor, care provider, or specialist who participates in Medicare and accepts your plan anywhere in the United States, Puerto Rico, Guam, U.S. Virgin Islands, American Samoa, and Northern Mariana Islands.
- Your benefits and any applicable copay or coinsurance remain the same whether you see a provider in or out of your plan's network.
- You do not need referrals for care.
- If a doctor or other provider says they don't accept this plan, have them call the provider phone number on the back of your plan membership card. We'll explain how they can submit a claim for your visit.
- For more information, call our Member Services number or see your *EOC*.

Personalize your care

Where and how to get care

Call your doctor

If you're injured, not feeling well, or have a health issue, call your primary care provider (PCP) first. If you need care right away and your PCP cannot see you, you have more choices for receiving the care you need.

Video chat with a doctor

See a doctor online for a \$0 copay with LiveHealth Online.² This convenient care option is available 24/7 which means you can have a virtual doctor's visit from anywhere, anytime.³ You can be seen for commonly treated medical conditions and more. Go to www.livehealthonline.com or the Sydney Health app to schedule your virtual visit. For additional information, see the benefits chart in your *Evidence of Coverage*.

Call 24/7 NurseLine

When health issues arise after hours and the doctor's office is closed, you can still find the answers you need. Call the 24/7 NurseLine at the number on your plan membership card when you have health questions or need advice. A registered nurse is there to help you anytime, day or night.

Visit an urgent care center

If you need immediate care for a condition that is not life threatening, like a sprain or vomiting, you don't need an appointment to see a doctor. Most urgent care centers have late and weekend hours to help with conditions that need to be treated right away.

Get emergency care

If you are experiencing an emergency health situation or have severe symptoms like chest pain, trouble breathing, or bleeding that won't stop, call **911** or go to the nearest emergency room (ER).

² LiveHealth Online is the trade name of Carelon Health, Inc., a separate company, providing telehealth services on behalf of the plan.

³ Other telehealth services may be available, but copays or additional charges may apply.

Understand your benefits

Complete your health assessment

The more we know about your health history, the better we can guide you to helpful benefits and services. That's why within your first 90 days of being a member, we will call you to answer this simple health survey. We'll then call you every 12 months you are enrolled in our plan, to keep your care and services up to date. If we can't reach you by phone, we'll mail you a letter with instructions on how to complete the survey.

Schedule preventive care services

Scheduling regular checkups and exams is an important part of your healthcare and can help find any health issues early. Talk to your doctor regularly and they can recommend screenings for things like diabetes or kidney disease.

Annual health exams

Seeing your primary care provider each year for a checkup helps you stay on top of your health. You can ask them questions and discuss:

- Preventive care
- Vaccines
- Medications
- Screening for anxiety or depression
- Your ability to perform tasks

Hearing care

Routine hearing exam and hearing aid allowance.

The House Call program⁴

To support the care you receive from your current doctor, you can also meet with a licensed clinician in-person at your home or face-to-face virtually on your phone, tablet, or laptop. During a House Call visit, the clinician will take time to answer your questions and perform basic screenings, including:

- Your height, weight, and body mass index (BMI).
- Your blood pressure and other vital signs.
- A review of your prescriptions.

The clinician will share your results with your doctor and help you schedule any follow-up care, if needed. Participation in the House Call program is completely voluntary and is offered at no additional cost to you.

MyHealth Advantage program

Receive helpful reminders about needed care and tests to keep you well. You'll also have access to health specialists who can answer your questions.

Carelon Health⁵

If you're facing a serious illness, this program gives you an extra layer of support through home visits and telehealth appointments. This support for you and your family is provided by a team of doctors, nurses, and social workers who work with your providers to coordinate care. A clinical team is there 24/7 for participating members to offer extra care, attention, and education.

Healthy Meals⁶

Have healthy balanced meals delivered to your home after a hospital stay or if you have a chronic illness.

4 The House Call program is administered by either Matrix Medical Network or Signify Health, independent companies.

5 Carelon Health is a separate company providing coordination of care through home-based visits and telehealth services on behalf of this plan.

6 Members must have a certain BMI, an A1c level greater than 9, or a chronic illness as defined by CMS to qualify.

Important information

Medicare & You handbook

Get a summary of your benefits and rights from this helpful document that is mailed to you each fall. It provides answers to the most asked questions by Medicare members. To get your copy, visit **www.medicare.gov** or call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**.

Remember to pay your Part B premium

If you lose your Part B eligibility for any reason, please call us at the Member Services number on the back of this guide. If you pay a premium for Medicare Part B, remember to continue paying it. This premium is normally deducted from your Social Security check each month. Refer to your *Evidence of Coverage (EOC)* for more information.

Some services require prior authorization

Prior authorization is the approval doctors and pharmacies request and receive from your plan before providing you with certain services, treatments, therapies, or Part B drugs and supplies.

When you visit a care provider in your plan's network, they will ask us for prior authorization. If you visit a care provider outside of your plan's network, please ask them to request a pre-visit coverage decision for you. It helps us work with them to confirm the care you receive is covered and medically necessary. Refer to the benefits chart in your *EOC* online for more information and the benefits that require prior authorization.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our Member Services number or see your *Evidence of Coverage* for more information, including the cost sharing that applies to out-of-network services.

Important information

Notice of privacy practices

Important information about your rights and our responsibilities

Protecting your personal health information is important. Each year, we're required to send you specific information about your rights and some of our duties to help keep your information safe. This notice combines three of these required yearly communications:

- State notice of privacy practices
- Health Insurance Portability and Accountability Act (HIPAA) notice of privacy practices
- Breast reconstruction surgery benefits

Would you like to go paperless and read this online or on your mobile app? Go to www.anthem.com/ca/mpi and sign up to get these notices by email.

State notice of privacy practices

When it comes to handling your health information, we follow relevant state laws, which are sometimes stricter than the federal HIPAA privacy law.

This notice:

- Explains your rights and our duties under state law.
- Applies to health, dental, vision, and life insurance benefits you may have.

Your state may give you additional rights to limit sharing your health information. Please call the Member Services phone number on your plan membership card for more details.

Your personal information

Your nonpublic (private) personal information (PI) identifies you and it's often gathered in an insurance matter. You have the right to see and correct your PI. We may collect, use, and share your PI as described in this notice. Our goal is to protect your PI because your information can be used to make judgments about your health, finances, character, habits, hobbies, reputation, career, and credit.

We may receive your PI from others, such as doctors, hospitals, or other insurance companies. We may also share your PI with others outside our company — without your approval, in some cases. But we take reasonable measures to protect your information. If an activity requires us to give you a chance to opt out, we'll let you know, and we'll let you know how to tell us you don't want your PI used or shared for an activity you can opt out of.

THIS NOTICE DESCRIBES HOW MEDICAL, VISION, AND DENTAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION WITH REGARD TO YOUR HEALTH BENEFITS. PLEASE READ CAREFULLY.

HIPAA notice of privacy practices

We keep the health and financial information of our current and former members private as required by law, accreditation standards, and our own internal rules. We're also required by federal law to give you this notice to explain your rights and our legal duties and privacy practices.

Your protected health information

There are times we may collect, use, and share your Protected Health Information (PHI) as allowed or required by law, including the HIPAA privacy rule. Here are some of those times:

Payment: We collect, use, and share PHI to take care of your account and benefits, or to pay claims for healthcare you get through your plan.

Healthcare operations: We collect, use, and share PHI for our healthcare operations.

Treatment activities: We don't provide treatment, but we collect, use, and share information about your treatment to offer services that may help you, including sharing information with others providing you treatment.

Examples of ways we use your information:

- We keep information on file about your premium and deductible payments.
- We may give information to a doctor's office to confirm your benefits.
- We may share explanation of benefits (EOB) with the subscriber of your plan for payment purposes.
- We may share PHI with your doctor or hospital so that they may treat you.
- We may use PHI to review the quality of care and services you get.
- We may use PHI to help you with services for conditions like asthma, diabetes, or traumatic injury. We may collect and use publicly and/or commercially available data about you to support you and help you get health plan benefits and services.
- We may use your PHI to create, use, or share de-identified data as allowed by HIPAA.
- We may also use and share PHI directly or indirectly with health information exchanges for payment, healthcare operations, and treatment. If you don't want your PHI to be shared in these situations, visit www.anthem.com/ca/privacy for more information.

Sharing your PHI with you:

We must give you access to your own PHI. We may also contact you about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other plans or programs for which you may be eligible, including individual coverage. We may also send you reminders about routine medical checkups and tests. You may get emails that have limited PHI, such as welcome materials. We'll ask your permission before we contact you.

Sharing your PHI with others: In most cases, if we use or share your PHI outside of treatment, payment, operations, or research activities, we must get your okay in writing first. We must also get your written permission before:

- Using your PHI for certain marketing activities.
- Selling your PHI.
- Sharing any psychotherapy notes from your doctor or therapist.

We may also need your written permission for other situations not mentioned above. You always have the right to cancel any written permission you have given at any time.

You have the right and choice to tell us to:

- Share information with your family, close friends, or others involved with your current treatment or payment for your care.
- Share information in an emergency or disaster relief situation.

If you can't tell us your preference, for example, in an emergency, or if you're unconscious, we may share your PHI if we believe it's in your best interest. We may also share your information when needed to lessen a serious and likely threat to your health or safety.

Other reasons we may use or share your information:

We are allowed, and in some cases required, to share your information in other ways — usually for the good of the public, such as public health and research. We can share your information for these specific purposes:

- Helping with public health and safety issues, such as:
 - Preventing disease.
 - Helping with product recalls.
 - Reporting adverse reactions to medicines.
 - Reporting suspected abuse, neglect, or domestic violence.
 - Preventing or reducing a serious threat to anyone's health or safety.
- Doing health research.
- Obeying the law, if it requires sharing your information.
- Responding to organ donation groups for research and certain reasons.
- Addressing workers' compensation, law enforcement, and other government requests, and to alert proper authorities if we believe you may be a victim of abuse or other crimes.
- Responding to lawsuits and legal actions.

If you're enrolled with us through an employer, we may share your PHI with your group health plan.

If the employer pays your premium or part of it, but doesn't pay your health insurance claims, your employer can only have your PHI for permitted reasons and is required by law to protect it.

Authorization:

We'll get your written permission before we use or share your PHI for any purpose not stated in this notice. You may cancel your permission at any time, in writing. We will then stop using your PHI for that purpose. But if we've already used or shared your PHI with your permission, we cannot undo any actions we took before you told us to stop.

Genetic information:

We cannot use your genetic information to decide whether we'll give you coverage or decide the price of that coverage.

Race, ethnicity, language, sexual orientation and gender identity:

We may receive race, ethnicity, language, sexual orientation and gender identity information about you and protect this information as described in this notice. We may use this information to help you, including identifying your specific needs, developing programs and educational materials, and offering interpretation services. We don't use race, ethnicity, language, sexual orientation and gender identity information to decide whether we'll give you coverage, what kind of coverage, and the price of that coverage. We don't share this information with unauthorized persons.

Your rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of your PHI, including a request for a copy of your PHI through email. Remember, there's a risk your PHI could be read by a third party when it's sent unencrypted, meaning regular email. So, we will first confirm that you want to get your PHI by unencrypted email before sending it to you. We will provide you a copy of your PHI usually within 30 days of your request. If we need more time, we will let you know.
- Ask that we correct your PHI that you believe is wrong or incomplete. If someone else, such as your doctor, gave us the PHI, we'll let you know so you can ask him or her to correct it. We may say "no" to your request, but we'll tell you why in writing within 60 days.
- Send us a written request not to use your PHI for treatment, payment, or healthcare operations activities. We may say "no" to your request, but we'll tell you why in writing.
- Request confidential communications. You can ask us to send your PHI or contact you using other ways that are reasonable. Also, let us know if you want us to send your mail to a different address if sending it to your home could put you in danger.
- Send us a written request to ask us for a list of those with whom we've shared your PHI. We will provide you a list usually within 60 days of your request. If we need more time, we will let you know.
- Ask for a restriction for services you pay for out of your own pocket: If you pay in full for any medical services out of your own pocket, you have the right to ask for a restriction. The restriction would prevent the use or sharing of that PHI for treatment, payment, or operations reasons. If you or your provider submits a claim to us, we may not agree to a restriction (see "Your rights" above). If a law requires sharing your information, we don't have to agree to your restriction.
- Call Member Services at the phone number on your plan membership card to use any of these rights. A representative can give you the address to send the request. They can also give you any forms we have that may help you with this process.

How we protect information

We're dedicated to protecting your PHI, and we've set up a number of policies and information practices to help keep your PHI secure and private. If we believe your PHI has been breached, we must let you know.

We keep your oral, written, and electronic PHI safe using the right procedures and through physical and electronic ways. These safety measures follow federal and state laws. Some of the ways we keep your PHI safe include securing offices that hold PHI, password-protecting computers, and locking storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures.

These policies limit access to PHI to only those employees who need the data to do their jobs. Employees are also required to wear ID badges to help keep unauthorized people out of areas where your PHI is kept. Also, where required by law, our business partners must protect the privacy of data we share with them as they work with us. They're not allowed to give your PHI to others without your written permission, unless the law allows it and it's stated in this notice.

Potential impact of other applicable laws

HIPAA, the federal privacy law, generally doesn't cancel other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to give you more privacy protections, then we must follow that law in addition to HIPAA.

To see more information

To read more information about how we collect and use your information, your privacy rights, and details about other state and federal privacy laws, please visit our Privacy web page at

www.anthem.com/ca/privacy.

Calling or texting you

We, including our affiliates and/or vendors, may call or text you by using an automatic telephone dialing system and/or an artificial voice. But we only do this in accordance with the Telephone Consumer Protection Act (TCPA). The calls may be about treatment options or other health-related benefits and services for you. If you don't want to be contacted by phone, just let the caller know or call **1-844-203-3796** to add your phone number to our Do Not Call list. We will then no longer call or text you.

Complaints

If you think we haven't protected your privacy, you can file a complaint with us at the Member Services phone number on your plan membership card. You may also file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by visiting hhs.gov/ocr/privacy/hipaa/complaints/. We will not take action against you for filing a complaint.

Contact information

You may call us at the Member Services phone number on your plan membership card. Our representatives can help you apply your rights, file a complaint, or talk with you about privacy issues.

Copies and changes

You have the right to get a new copy of this notice at any time. Even if you have agreed to get this notice by electronic means, you still have the right to ask for a paper copy. We reserve the right to change this notice. A revised notice will apply to PHI we already have about you, as well as any PHI we may get in the future. We're required by law to follow the privacy notice that's in effect at this time. We may tell you about any changes to our notice through a newsletter, our website, or a letter.

Effective date of this notice

The original effective date of this Notice was April 14, 2003, and was most recently revised in June 2022.

Breast reconstruction surgery benefits

A mastectomy that's covered by your health plan includes benefits that comply with the Women's Health and Cancer Rights Act of 1998, which provides for:

- Reconstruction of the breast(s) that underwent a covered mastectomy.
- Surgery and reconstruction of the other breast to restore a symmetrical appearance.
- Prostheses and coverage for physical complications related to all stages of a covered mastectomy, including lymphedema.

You'll pay your usual deductible, copay, and/or coinsurance. For details, contact your plan administrator.

For more information about the Women's Health and Cancer Rights Act, go to the United States Department of Labor website at dol.gov/agencies/ebsa/laws-and-regulations/laws/whcra.
